

# CONSTRUCTION COMPANIES IN QATAR

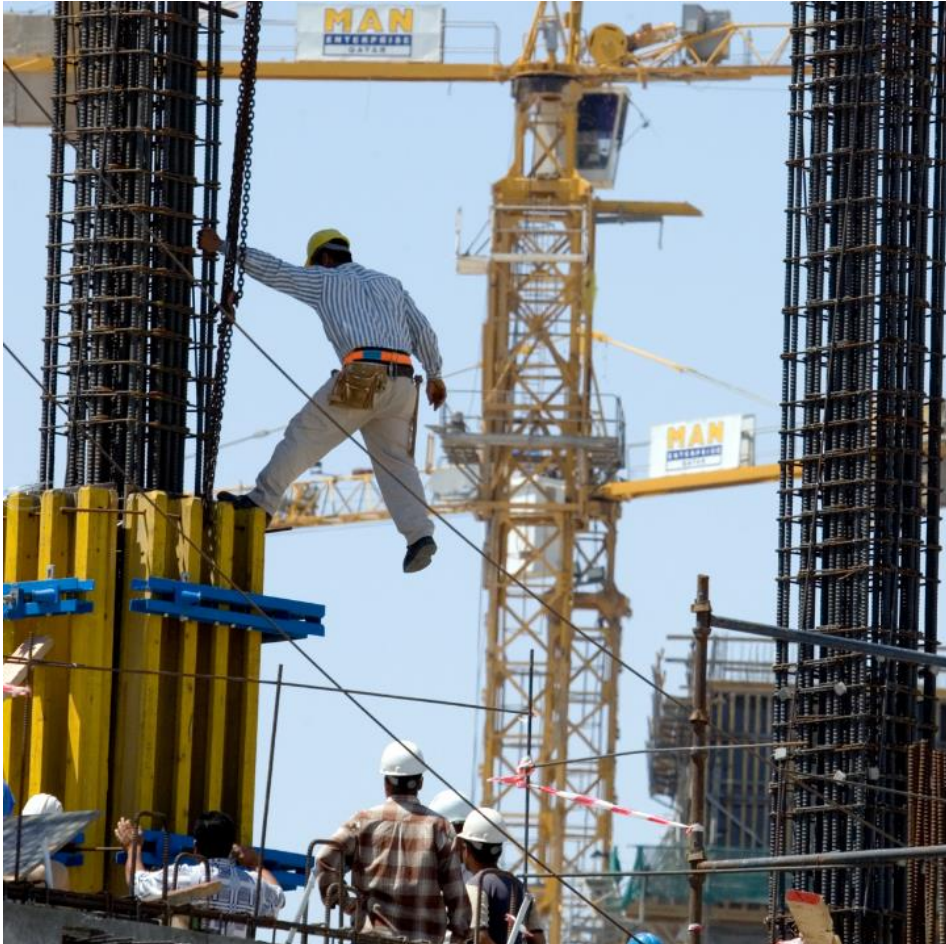

## ABOUT US

The goal of Third Eye Group is to perform all types of general contracting and building work, such as painting, tiling, plastering, and masonry. Through principals who are industry experts in their respective fields, our network of offices across the Middle East is able to address the architectural needs of the utilities, the private sector, and the construction industry. Third Eye Trading handles all types of products used by the petrochemical and construction sectors. Our clothes and apparel section provides high-quality foreign designs, particularly from Italy, to meet the demands of the apparel industry. The greatest Chinese, Indian, and Arabic food is served at our restaurants in Dammam, which are part of our food division.

# SERVICES

- ALUMINUM FRAMING AND GLASS SYSTEMS

# CONSTRUCTION COMPANIES IN QATAR

As a logical extension of the ever-growing network, Third Eye Trading and Contracting-Architectural has grown and expanded over the years, enabling us to reach high standards in the marketing, design, and installation of specialized architectural products for the commercial and residential construction industry. Because of its dedication to excellence and client satisfaction, TETC continues to be at the forefront of the business. Expert engineers choose the most precise, accurate, and cost-effective methods and specifications for glass, cladding, and frame. We pay close attention to detail from the start of the project to the end. We are able to produce a product of exceptional quality because to the combined experience of our field and office staff.
